

OZC AND ZCCQ FOTOZED AWARDS

FIRST EVER COLLABORATIVE EVENT!

HOW IT ALL STARTED...

Z CAR CLUB QUEENSLAND

ZCCQ was formed in 1984 by Alan Stean, proprietor of the Z Car Workshop who saw a need for enthusiasts to get together in appreciation of the Nissan – Datsun Z car marque. Since then they have provided a means to organise social and motorsport events of interest to Z car enthusiasts.

ONTARIO Z CAR OWNERS ASSOCIATION

The Ontario Z Car Owner's Association (OZC) is a not for profit organization originally founded in October 1993 in Oshawa, Ontario, Canada. The Club is dedicated to the preservation and enjoyment of the Nissan/Datsun Z Car.

SYMPOZIUM

Well... the official description of a Symposium is “a drinking party or convivial discussion, especially as held in ancient Greece after a banquet (and notable as the title of a work by Plato)”. Very fitting for this category – give us your best photo of a collection of Z cars – preferably at an OZC or ZCCQ club event.

BEST PHOTO IN ITS ERA

We know many of you have stored pictures of your dad in his blue satin disco suit standing proud next to your brand new 1971 Datsun... in 1971! Or many of you wish you had your car back then and want to “pretend” by recreating that historical shot. (Or maybe it’s just that random 90’s shot of your 1992 300zx). Go for it! (oh please do...)

BEST PHOTO IN ITS ERA 3RD PLACE

#5011 – Geoff Lobb

#4036 – Warren Skimmings
Townsville, North Queensland
1970 Datsun 240Z

Having a crack at winning the 2012 Australian Hill Climb Sports Car section at the famous Bathurst track. Missed out - came second to a Nissan R34 800hp full race car by 0.54 of a second. The highest speed for that class was officially recorded at 195kph for my car at the famous Reid Park corner. That event will live with me right at the top of all my 60 years of motor sport memories.
